CLAY CITY, KY., THURSDAY AUGUST 3, 1911.

NO. 31

Asks Local Option Election.

A petition signed by a number of legal voters of Powell county was filed with the county court at Stanton Tuesday asking Judge Hardwick to call a local option election in this county Sept. 30th 1911. The election will be called by Judge Hardwick at the next regular term of county court which will be next Monday. The petition had about 25 % more indorsers than was necessary to call the election. The committee in soliciting names thought that if 25 % was enough to call the election 25 % more than that would not hurt.

The greatest precautions are being taken to see that the requirements of the law are fulfilled to the letter, thereby shutting off all probabilities of a contest. The drys are expecting a majority of from three to four hundred.

The Rev. L. S. Fuller, manager of the Eastern division of the Kentucky Anti-Saloon League spoke Sunday morning and at night to an interested congregation on the subject of saloons or no saloons. He made a most rational address all filled with reason, love, pity and common sense. No one could have found a single point brought out by him upon which to make an issue.

Administrator's Notice.

All persons having accounts against the estate of America Curry, deceased, are hereby notified to present same to the undersigned proven as required by law. Those knowing themselves indebted to the estate will save court costs by paying promptly.

D. M. Curry, Admr. with will annexed of America Curry.

What Reciprocity Does.

Grants mutual free trade in these principal articles, hitherto taxed:

Live stock and poultry.

Wheat, rye, oats, barley, buckwheat, corn, hay, straw.

Fresh vegetables, fresh fruits, dried fruits.

Dairy products, eggs, honey.

Cotton-seed oil and seeds.

Fish of all kinds, fresh or frozen, and all fish oils.

Many forms of partly manufactured lumber.

Fencing wire, coke.

Wood pulp and print paper and typesetting machines.

Grants important reductions of tariff on these principal articles:

Fresh meats, canned meats and poultry, lard.

Flours and meals.

Manufactured cereals.

Wagons, plows and all farm implements.

Roofing materials, cutlery, bells and gongs.

Musical instruments, motor vehicles, boats.

Plate glass, aluminum, finished lumber, iron ore, coal, cement.

Clocks, watches, feathers, leather goods.

Peanuts, canned vegetables, condensed milk.

There are over 8,000 automobiles in Kentucky. Each one must pay a yearly license that amounts to about \$5.00 per machine or more than \$15,000 in the aggregate. This is placed into an accumulative good roads fund, there yet having been no law passed to apply the money to the roads of the State. One year's license has been collected and the license for another year is now due.

Frank Mize, who recently returned from Osborne, Kas., is a first class plasterer and he offers his service to the people of Clay City and Powell county either by the day or contract.

AGRICULTURAL EXTENSION.

Selecting and Caring for Seed Corn.

Every farmer who expects to plant seed corn next year of his own raising should select it in the field this fall and give it the proper care during the winter. Everyone who is not growing a variety with good breeding behind it should get such a variety before another year goes by. Once a productive variety is found, seed should be selected from one's own field rather than buy seed from a distance, as the imported seed is likely to be not so well adapted to local conditions as the home-grown seed. In buying new seed, it is safest to get it from a grower of reputation as near home as possible.

Most corn growers select seed from the crib in the spring; therefore it is not possible to know anything about the conditions under which it grew. The whole plant, and not the ear is the unit of selection. The reasonable way, then, is to go into the field when the corn is coming into maturity, and select good ears on well developed stalks of the same maturity. The stalk should be of medium height, stocky and vigorous, bearing the ear about four feet from the ground, with a good shank that gives the ear just enough drop to protect it from the rain. Select for two or three stalks in a hill, according as you expect to grow two or three in a hill. An ear that is good with one stalk in a hill might have been poor in competition with other stalks in the hill. See that there are no nubbin or barren stalks close to the selected plants, as they are generally from weak seed, and the selected ear will have been cross fertilized by them. Mark the ears selected by tying a tag to them, and allow them to mature thoroughly. Gather as soon as mature, husk and hang up in a dry, well ventilated place where there will be no injury by mice. A very good way to hang corn is to string it up so that the ears do not touch each other, very much as boys hang up their popcorn. Select at least twice as many ears as will be needed for seed, since many will have to be discarded as not coming up to the desired type. These points cannot be determined in the field.

In the spring before planting time, make a germination test of every ear, and discard all weak ones. Select 50 of the finest and strongest ears and shell them together and plant them in a seed block in a place on the farm where they will be least exposed to your neighbor's corn. Then select the next year's seed from this block as directed for selecting in the field. Plant each year a seed block by using the best 50 ears. This procedure will improve the yield and quality of your corn.

For further information address George Roberts, Agronomist Kentucky Agricultural Experiment Station.

D. Devary, of Log Lick, is in the city today.

Virden.

Willie Curtis is in Clark county on business.

C. C. Curtis went to Clay City Tuesday on business.

It is very dry here now a good rain is badly needed at this time corn and other vegetation is suffering.

Greely Snowden bought of Jas. Stanhop one milk cow, one two-year-old heifer and two game hens for \$35.50

Killes Ware, wife and three children visited the latter's mother, Mrs. Becca Williams, near Side View last week.

Morris Curtis, wife and two children, of Vaughn's Mill, visited the former's brother, E. D. Curtis Saturday and Sunday.

At her home here after a short time of suffering Mrs. Grace Clemons, wife of E. B. Clemons, died July 29th. She was taken sick early Saturday morning, at one o'clock she gave birth to a sweet little girl babe, at 11 o'clock she passed into eternity. Mrs. Clemons was a good neighbor, a christian lady and loved by all who knew her. She was married to Mr. Elsberry Clemons the 29th of June, 1910. She was the youngest daughter of T. B. Ware, being only about 19 years of age. She had been a member of the Christian church at this place for five years, during that time she tried to do her Master's will the best she could. She leaves her husband and little babe; a father, mother, three brothers and three sisters besides a host of relatives and friends to mourn their loss. The bereaved ones have the sympathy of the

entire community.

We should not grieve after Grace as those that have no hope, for she left a bright hope as there's no doubt but she is resting with the blessed Master in the sweet beyond. The funeral was preached at the church Monday at 11 o'clock to a large crowd by Rev. M. P. Lowry and the remains were laid in its resting place in the Virden burying ground. The active pall bearers were Mit Pace, G. W. Everman, T. G. Morehead, Murry Pace, C. C. Curtis and D. C. Morehead.

Stanton College

BARKSDALE HAMLETT,
of Christian county.

For Commissioner of Agriculture
J. W. NEWMAN,
of Woodford county.

For Clerk of the Court of Appeals
ROBERT L. GREENE,
of Bracken county.

We are authorized to announce Z. T. Hall, of Powell county, for Representative from this the 73rd Legislative district, subject to the action of the Republican convention.

Cause of the Attack.

Unscrupulous food manufacturers which include meat canners of Chicago and elsewhere and vegetable and fruit canners all over the country are anxious to have Dr. Wiley removed as they have power enough with the Republican party to name "their own man" as his successor. They would then have no difficulty whatever with our pure food laws as they would own the judges to speak. The Standard Oil Company and other great Companies do not care very much what kind of laws we pass because they are the ones, who through our Presidents always name the Judge who nullify the laws and let the Corporations escape fines. The charge against Dr. Wiley is that he permitted a chemical expert assistant to draw a little larger salary than was authorized by the law.

Even this is far fetched. The law authorizes Dr. Wiley to pay \$1,600 a year for an expert assistant, but the fact is, expert chemists cannot be had for such a price as that. So Dr. Wiley appointed Dr. Rusby of New York as his assistant at \$1,600 per year, with the understanding that Dr. Rusby would receive \$20 per day for the work that he did in the laboratory; and under this arrangement he would not be working more than a part of the

time, but would draw \$20 per day out of the \$1,600 per annum when he did work. Dr. Wiley's department was investigated by Attorney General Wickersham, and he recommended that Dr. Wiley be permitted to resign. The fact of the matter is, the whole affair was trumped up to scare Dr. Wiley into resigning. But those who thought he would resign have another guess coming to them. Dr. Wiley has rendered the greatest service to this country of any man alive today, and the effort which was made to oust him resulted in letters pouring into the White House by the thousands.

This whole affair shows how subservient the Republican party is to corrupt men and measures. The food canners of course will be heavy contributors to the Republican campaign fund next year if Wiley is fired, and Taft is willing, if public opinion is hushed up. But it cannot be.

From the way the colored voters of Clay City are supporting the pending local option contest there is a pronounced discord between them and their candidate for Governor on the "County Unit" plank of the Republican platform. Only two of them were found who were willing to sign the petition calling for the coming local option election.

During the present auditing by the Democratic House of the Republican administrations for the last decade, it wouldn't be out of place to look into the Roosevelt-Harriman episode. The last railroad king raised \$200,000 at Roosevelt's request to save New York for the Republicans in the Roosevelt-Parker campaign.

The Republicans are literally up in the air, their old-time standbys, props and policies all shake in the Democratic upheaval. Reciprocity has helped Taft of course, but the republicans have always won on protection. Taft has abandoned protection and the result is a matter of speculation.

A man of poor ability is sometimes put into office and given many favors and much honor on account of his position, while other men of superior ability could have been placed in the same position. The latter are generally considered inferior to the former. Ignorance is the trouble.

If one political party would spend all its campaign money in convicting the vote buyers and vote sellers of the other side, and make the announcement before the election it might do more good than to buy votes with the money.

Merit and real worth go much further with the voters now than in former days when candidates had nothing to do but get on the ballot.

The man who always attends strictly to his own business is generally the most unpopular man in the neighborhood.

HALF FARE RATES TO FAIR.

Do not fail to visit the Blue Grass fair at Lexington, the week of August 7th to 12th. One-half fare rates will prevail on all railroads in Kentucky. Each afternoon, beginning with Tuesday, there will be aeroplane flights by the world renowned aviator, J. A. D. McCurdy. Each afternoon and evening, beginning with Sunday, August 6th, there will be magnificent band concerts by the renowned U. S. Marine band from Washington City.

SPOUT SPRING.

Roscoe Bowman has gone to Heidelberg where he has employment.

Mr. and Mrs. J. H. Dawson, of Winchester, visited relatives here the last of the week.

Mr. and Mrs. J. A. Fox, of Clay City attended the Quarterly meeting services at Jackson's Chapel Sunday.

Pastor W. P. Fryman assisted by the Rev. Mr. Martin, of Winchester, is conducting a revival meeting at Jackson's Chapel.

THE TIMES.

AN ALL HOME-MADE PAPER

LOCAL BREVITIES.

THURSDAY, ... August 3, 1911.

James B. Hall, of Lexington, was in the city yesterday.

Gran Hackworth was in Beattyville the first of the week on business.

R. L. Daniel, of Winchester, spent a few days with friends here this week.

Mr. and Mrs. J. H. Dawson, of Winchester, visited relatives in the city Friday and Saturday.

Joe Jewell will move this week to Jackson where he assumes the duties of car inspector for the L. & E.

Dr. Alfonso Aratus, of Cincinnati, O., is taking his annual outing in camp across the river near the old dam.

Broken lines of Ladies' and Misses' shoes at \$1 and 75c a pair. Just right for school and every day wear. Mrs. J. W. Williams.

D. M. Curry, of Nicholas county, spent a few days the last of the week with relatives in the city.

Mr. and Mrs. A. C. Estes, of Hardwick's Creek, spent Saturday night and Sunday with their daughter, Mrs. Carl Garrett near this city.

B. J. Mathews, of Slade, has entered the race for Representative from this district. This makes three candidates in the Republican field seeking Legislative honors.

The election of school trustees will take place in each school district Saturday. This is one of the most important elections that we have to hold and should bring out the vote of every man qualified to vote.

Good rains have relieved the drouth in the western portion of the State, but in the central portion it remains very dry. We had a fine shower in and about Clay City Tuesday but hardly enough to do much good.

A corps of railroad surveyors are surveying a line from Winchester to Irvine without any announcement being made of its intentions. It probably means the building of a new road. This road has been surveyed once before and considerable work done on the road later about nine miles from this city.

A Mr. Hancock representing a collecting agency was here several days this and last week and got some considerable business. There will be some mad people soon but then you will get over it and feel much better if you will pay all your debts. Would be better that all persons pay without having to be subjected to such unwholesome methods as are usually resorted to by the collection agencies.

A King Who Left Home set the world to talking, but Paul Mathulka, of Buffalo, N. Y. says he always keeps at home the king of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at Swann-Day Lumber Co.'s store.

Mrs. Lou Groves, who for some time has been with her daughter, Mrs. J. R. McDanall, at Warsaw, is visiting her daughter, Mrs. J. M. Kennon.

Home grown water melons have been on the market for a week or more. This is at least ten days earlier than usual for them to begin coming in.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Me. boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at Swann-Day Lumber Co.'s store.

At Covington last Tuesday the Rev. W. H. Childers and his wife celebrated their golden wedding. The Rev. Mr. Childers is a preacher in the (Northern) Methodist church and was pastor of the churches of that faith in this county some thirty years ago. He is well remembered by the most of our older people.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance into a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequalled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1 Trial bottle free. Guaranteed by Swann-Day Lumber Co.'s store.

President Taft has been invited to attend the reunion of Masons at Louisville which takes place next June.

WOMAN'S DEPARTMENT.

The Woman's department of the Blue Grass fair, which will be held at Lexington the week of August 7th to 12th, is more extensive and important this year than ever before. The premium list has been improved and enlarged and classes are offered which cover specifically almost every kind of women's work and table luxury. To this department is given up the entire third floor of the large Floral hall. On the second floor of the building are attractive booths utilized by Lexington merchants for the display of their wares. As for two years past, the Floral hall will be under the direction and management of Mr. G. Norton Sharpe. It promises to be more attractive from every standpoint this year than ever before.

Hardwick & Co., Stanton.

AEROPLANE FLIGHTS BY BIRD MEN AT LEXINGTON FAIR

Flights Will Begin on Tuesday and Several Will be Made by J. A. D. McCurdy Each Day Over Lexington

Aeroplane Flight of J. A. D. McCurdy Over the Rocky Mountains in Colorado.

Outstanding in importance among the amusement features arranged for the big Blue Grass fair which will be held at Lexington the week of August 7th to 12th, are the daily aeroplane flights to be given by the world famous aviator, Mr. J. A. D. McCurdy.

No other modern science is the subject of so much interest to-day as the effort to perfect aerial navigation. Among those engaged in this work, Mr. McCurdy holds a foremost place. The feats which he has already accomplished have given him a reputation that is not confined to the American continent, but extends throughout the world. A nephew of Dr. Alexander Graham Bell, inventor of the Bell Telephone, Mr. McCurdy has been placed all his life in the closest touch with foremost scientific investigation, and his work with heavier-than-air machines has done much for the development of the science of navigation.

Perhaps best known among his accomplishments along this line is the flight made last winter from Tampa to Havana. It was the longest water flight in the history of aviation and proved beyond peradventure the absolute practicability of the aeroplane. In addition Mr. McCurdy was the first man to send a wireless message from an aeroplane, and he has made numerous other experiments and flights that have not only been spectacular, but have been of large service in the advancement of the science to which he has devoted his life.

Formerly connected with the Glenn H. Curtiss Co., Mr. McCurdy has now a powerful organization of his own and is building his own machine. He is using the world famous Gnome motor, which holds all records in aviation for distance, duration, speed and altitude. The speed of the new McCurdy machine, which will be shown to the American people for the first time at the Blue Grass fair, is equal to that of

any of the foreign monoplanes. With it McCurdy can easily attain seventy-five miles an hour. With such a machine he will give demonstrations at the Blue Grass fair that will be not only thrilling to the spectator, but of very great educational value as well.

Beginning Tuesday, August 8th, the second day of the fair, Mr. McCurdy will make several flights each day. He will attain an altitude of more than a mile and will remain in the air from thirty to forty minutes. On August 8th he will also make a flight from the grounds of the Blue Grass Fair association in Lexington to Winchester, the county seat of Clark county, eighteen miles distant. There he will alight for a few minutes to carry a communication from the officials of the Blue Grass fair to the mayor of Winchester, and, when an answer is received, will come immediately back to the Blue Grass fair grounds. The round trip, including the stop at Winchester, will be made in less than an hour and a half. This trip will not only prove the speed of the McCurdy machine, but it will also show the practical uses to which modern air craft of the best type can be put.

The management of the Blue Grass fair anticipates that these aeroplane flights alone will be considered by the people of Central Kentucky well worth the price of admission and will draw to the grounds record-breaking crowds.

The flights will be arranged at such hours throughout the day that they can be witnessed by all. Those who come from a distance and are compelled to take early afternoon trains will have the opportunity to see these flights before being compelled to leave.

The fastest and most powerful of all American aeroplanes directed by the most skillful of American aviators is the attraction that will be offered during the week of the Blue Grass fair, the machine, which will be shown to the American people for the first time at the Blue Grass fair, is equal to that of

any of the foreign monoplanes. With it McCurdy can easily attain seventy-five miles an hour. With such a machine he will give demonstrations at the Blue Grass fair that will be not only thrilling to the spectator, but of very great educational value as well.

Beginning Tuesday, August 8th, the second day of the fair, Mr. McCurdy will make several flights each day. He will attain an altitude of more than a mile and will remain in the air from thirty to forty minutes. CARNIVAL FEATURES

Splendid List of Shows Has Been Secured For the Blue Grass Fair.

A splendid last of shows, carnival features and riding devices has been arranged for the big Blue Grass fair at Lexington, the week of August 7th to 12th. All of these are furnished by Mr. Herbert A. Kline, of Flint, Mich., and are under his personal direction and management. No other man in the country today has such a reputation or standing along his own particular line as has Mr. Kline. He knows what the people want and he always gives it to them. The fact that year after year he has gone back to the great state fairs of the north and west is the surest proof of the manner in which he satisfies his patrons.

Mr. Kline has this year not only the best aggregation of shows which he has ever managed, but the best that were ever put together on one ground. After the close of the big Winnipeg exposition at Winnipeg, Canada, on July 22nd, he goes to the North Dakota State fair for the week of July 24th and then uses the intervening week to ship to Lexington so as to be ready to open at the Blue Grass fair on Monday, August 7th. Due to a strike on the Grand Trunk railroad a number of Mr. Kline's shows, which were to appear at the Blue Grass fair last year, did not reach Lexington. So this year he is taking every precaution to see that ample time is allowed for shipment and to provide against any possible contingency that would

THE POULTRY SHOW

The poultry show at the Blue Grass fair the week of August 7th to 12th is going to be a feature of outstanding importance. A classification embodying prizes for 268 different classes of poultry and pigeons has been opened and every indication points to a record-breaking entry list. Mr. S. B. Lane, of Spiceland, Ind., has consented to judge the poultry. Dr. C. W. Trapp, of Lexington, will judge the pigeons. The show is being managed by men who have been prominent in Blue Grass Poultry association, who are thoroughly in touch with poultry conditions throughout the south and who feel sure of being able to bring to the Blue Grass fair such an entry list as will make a most creditable and desirable show.

A Suggestion.

If the people of Kentucky will make both political parties pledge themselves to the improvement of the roads of the State and then make the party that wins in November stand up to that pledge, the people will have won a victory worthy of their effort. Build up the schools of the State and improve the highways and Kentucky will forge ahead rapidly.—Warsaw Leader.

Shingles for Sale.

Black oak and pine at \$2.50 and \$2.25 per thousand at mill.

Davis & Burgher,
Vaughn's Mill, Ky.

Commissioner's Sale.

Powell Circuit Court.

Shimfessel & Woldron, Plaintiffs,
versus
Eveline Blanton, &c., Defendants.

Notice of sale in equity.

By virtue of a judgment and order of sale of the Powell Circuit Court, rendered at the June Term, 1911, thereof, in the above cause the undersigned will on the 7th day of Aug. 1911, at 1 o'clock P. M., or thereabout (Court Day), I will, proceed to offer for sale at Public Auction to the highest bidder, on a credit of six months, at the Court House door, Stanton, Ky., the property mentioned in the judgment, to

located on the waters of Red River, first tract beginning at the corner of lot No. 1 on the bank of Red River at water burch and elm, thence S. 80° W. 65 poles to a stake, thence S. 65 W. 121 Poles to a stake corner to lot No. 1; thence S. 13.25 W. 20.33 poles to a stake thence N. 70 E. 121 Poles to a stake; thence N. 71 E. 57 poles to two water burches, on the bank of Red River, thence down the river to beginning, containing about 27.5 acres and being the same land conveyed to defendants, defendant by J. M. Kennon and wife. Second tract is one-sixth interest in the land conveyed to Annie B. Russell by C. F. Spencer, commissioner, beginning at the corner of lot No. 2 at two water burches, on the right bank of Red River; thence N. 71 W. 57 poles; thence S. 70 W. 120 poles, corner to lot No. 2; thence N. 13.25 W. 20.33 poles, corner to lot No. 4; thence with line aforesaid N. 67 E. 121 poles, N. 79.5 E. 65 poles to a water burch on the bank of Red River; thence down the river to the beginning containing 27 acres and being the same land conveyed to the deceased Thos. Blanton by Annie G. Russell or so much thereof as may be necessary to satisfy the Plaintiff's debt, interest and cost, or sufficient thereof to produce \$229.25, so ordered to be made.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a Replevin Bond, bearing legal interest from the day of sale, according to law.

Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

Bond payable to Commissioner.
ROMULUS JACKSON,
Master Com'r Powell C. C.

Sir Henry Maine is credited with the following political epigram: The King of England reigns but does not govern. The president of the United States governs but does not reign. The President of France does neither.

J. W. Ballard.

Route 7. Winchester, Ky.

Horse Stock For Sale.

Two five-year old mares, one eight-year-old mare and one two year old mule.

G. W. McIntosh,
Spout Spring, Ky.

Very Serious

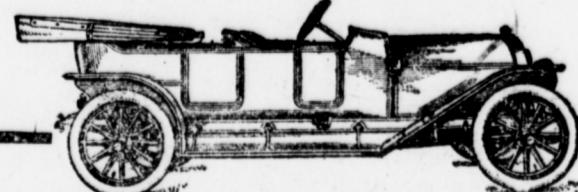

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE DEDFORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

SOLD IN TOWN

Not Simply a Car—but Car Service

Now is the time of year when you're beginning to think of the car you intend buying.

Remember when you buy, that the absolute limit of dollar for dollar return is reached in cars selling under \$2,000. When you buy, make sure your car is not in proportion to your investment.

When you buy, buy not simply a car—but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value.

MARATHON models include Torpedo Touring Car, Fore Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,500 to \$1,700.

SOUTHERN MOTOR WORKS, Nashville, Tenn.
